Power banks are an ideal gift to give away. Everyone has at least one phone that needs to be charged frequently. When you have the Peak 10.000 mAh solar power bank printed with your logo, it gives your brand extra promotion. Power banks are taken everywhere, giving your company added visibility. The most important thing about power banks is the strength of the battery. This one has 10000 mAh. The powerbank has an output connector (output 1: 5V/1A, output 2: 5V/2.1A) and a COB flashlight, which is ideal for installation on it. The rubberized exterior guarantees protection against water and scratches. The powerbank can be connected to other devices via the medium-sized micro-USB connection cables. The supplied carabiner allows the powerbank to be hung up. Packaged in Elevate gift box. The material used, ABS plastic, makes the power bank particularly robust. Because it weighs 272 grams, you can count on a strong power bank! Haven't decided yet? No problem, you can always call us, send us an e-mail or contact us via chat.
