

Features

Minimum quantity: 3 Unit(s) Dishwasher proof No
Material: polyester
Length: 1,100.00 cm.
Width: 800.00 cm.
Height: 700.00 cm.
Weight: 900.00 g.

SeatZac. The compact and super comfortable air-filled chillbag that you can take with you wherever you go. From now on you can plop your lazy seat in the park, by the pool, at the festival and at home in your garden. SeatZac is made of parachute, an iron strong and ultra light ripstop polyester. Folded it is no bigger than the Saturday newspaper and it weighs only 750 grams. There are six colors and you fold it up again in its own carrying case. Made so that you do not have to pump it. Pumping is of course not chill. When you expand the SEATZAC and move through the air, the air pockets fill with air. When you have them both full, roll the Seatzac at least 4 times and close the closure to experience the optimal seating comfort. Chill from now on as a boss.
