

Thermal articles are very popular. They offer the convenience of not having to drink your coffee or tea at home, but taking your drink with you on the road! Thermos flasks and mugs are products that last a long time. Recipients take them with them to work, in the car or even on holidays. Take full advantage by printing your logo and company name on the Thor 510 ml copper vacuum insulated sport bottle. This thermal bottle has a screw cap and a durable powder coating on the outside. A special construction prevents the formation of condensation on the outside of this thermal bottle. The delivery takes place in a gift box. This product is made of stainless steel, so you don't have to worry about the strength of the product. It won't break easily. On top of that, the product has a weight of 271 grams. So you know you have a quality article in your hands with good insulation properties. Please note that some thermos flasks and mugs are not dishwasher safe due to their construction. The instructions for use will indicate whether the lid is dishwasher safe. Good to know, so you can use these for a long time. Thanks to this thermos , your logo and message will remain visible to the recipients for a long time.
