A printed thermos article that keeps your drink warm for hours and hours isn't just for on the road. You can use it at home, at the office or while exercising. The Koln 590 ml copper vacuum insulated sport bottle is ideal for printing your message or logo. Thanks to the many possibilities to print on the thermos article, you can give your brand the publicity boost it needs. This thermal bottle features a screw top and stainless steel lid with a silicone loop, two openings and a durable powder coating finish. A special construction prevents the formation of condensation on the outside of this thermal bottle. The delivery takes place in a gift box. Looking for a sturdy thermos mug or flask with an exclusive look and feel? products as the Koln 590 ml copper vacuum insulated sport bottle made of stainless steel are the perfect choice. In addition, the product weighs 343 grams. Perfect for a good grip. Most thermos flasks and mugs aren't dishwasher safe. This is due to their construction and insulation. But the lid can often go in the dishwasher. You can check this in the instructions. Thanks to this thermos, your logo and message will remain visible to the recipients for a long time.
