Next to your busy social life and full-time job, it's essential to take time for yourself. Exercising is the ideal time-out for many people and a printed drinking bottle is therefore a very popular business gift. A Oasis 650 ml glass sport bottle is ideally suited for printing with a logo or message. And thanks to the many uses of a drinking bottle, each print will give you extra visibility. This bottle is encased in a grippy silicone sleeve with a non-slip base. It has a screw cap and stainless steel lid with a silicone loop. The delivery takes place in a gift box. Are you looking for a bottle made of glass, silicone plastic? then choose this one. More and more people are deciding against plastics and other materials because they can affect drinking water. With this glass bottle, you don't have to worry about those microparticles. This bottle can be laser engraved. This means that this not only looks classy but is also very durable. Thanks to the 650 ml capacity, you can also be sure that a full bottle will last a long time. Aren't sure about one or more bottles and would you like to see them in real life before placing your order? Then order a sample for that extra bit of certainty.
