Dishwasher proof No

Flashlights with a logo are very popular as promotional gifts and are often used. The Insel 3W CREE LED waterproof torch light is a real eye-catcher. The torch includes LED lights. These LEDs are very bright. This waterproof mini torch features 3 light modes: 100%, 50% and quick flashing light and includes a black lanyard. This flashlight draws its power from AA batteries included and inserted. The number of batteries used is included. Laser engraving is the technique we recommend, especially for flashlights and other tools. This is abrasion-resistant and almost indestructible. Have you found the perfect torch for your desires? Then we look forward to your order, but remember: the more you order, the lower the price. The torches are ideal for printing your logo, contact details or slogan. This is how your company is seen every day.
