A torch is an important item. Everyone should have a torch in the car, and those who walk or cycle a lot should carry one with them anyway. The Libra dual COB and LED light is a great item that your customers, employees and suppliers will love. This torch consists of light-emitting diodes, commonly called simply LEDs, which have a high level of brightness. The combo light has the COB on the detachable colour panel and the white LED's on the bottom. There is a power slide to switch through COB, LED or off. There is also a magnet at the back for hands-free usage. The flashlight requires Button cell batteries included and inserted. The number of batteries used is included. As you can see, there are many different types of torches to suit all needs and budgets. The torches are ideal for printing your logo, contact details or slogan. This is how your company is seen every day.
