Whether you're on your way to work or on a day trip, a mug or bottle is always useful. An excellent time to reinforce your brand exposure with a printed thermal article. Thermos flasks and mugs are products that last a long time. Recipients take them with them to work, in the car or even on holidays. Take full advantage by printing your logo and company name on the Dante vacuum copper insulated food container. Because this thermos product is made of stainless steel, copper, you don't have to worry about it breaking. And being so solid, it won't leak easily! In addition, the product weighs 275 grams. Perfect for a good grip. Please note that some thermos flasks and mugs are not dishwasher safe due to their construction. The instructions for use will indicate whether the lid is dishwasher safe. Good to know, so you can use these for a long time. Nowadays, we are increasingly aware of the environment. A thermos contributes to a sustainable world by reducing the production of disposable plastic.
