A torch is an important item. Everyone should have a torch in the car, and those who walk or cycle a lot should carry one with them anyway. The Lutz 28-LED magnetic torch light is a great item that your customers, employees and suppliers will love. Very bright LEDs are installed in this torch. This lamp has exactly 28 built-in light emitting diodes. Slim and magnetic torch which has three modes. The first mode is a 4 LED flashlight, the second mode is the 24 LED light, and the third mode is both on at once. Magnetic back for easy storage or for placement against metal surfaces when in use and push power button. A nylon carrying strap is included. The flashlight requires AAA batteries included and inserted. The required number of batteries are included. Laser engraving is the technique we recommend, especially for flashlights and other tools. This is abrasion-resistant and almost indestructible. As you can see, there are many different types of torches to suit all needs and budgets. Send us your logo and you will receive a digital proof before production starts. We only start production once you have confirmed this.
