Features

The Athenas women's insulated jacket is a jacket with the best finishing options. The jacket is made of Dull cire 380T woven of 100% Nylon, 38 g/m2, Padding/filling, fake down insulation of 100% Polyester. This jacket is the women's version. An embroidery on this jacket looks particularly classy. Jackets usually have large and varied print areas, so this is where your logo gets the most attention. In case of digital transfer it is not possible to choose white as a single logo colour on a coloured variant. Please choose transfer in this case.
