Diameter: 1.40 cm.

Weight: 16.00 g.

Pencils are always needed at school, in leisure time and at work. You decide whether to use a mechanical pencil or a conventional pencil based on the occasion. The Quintet 5-in-1 pen pencil is the perfect pencil for everyday use. This is a mechanical pencil, which means that the lead is moved out mechanically. The set consists of 4-colour ballpoint pen and a mechanical pencil in one. There is an eraser under the removable top. For better hold there is a rubber grip on it. The ink has four different colours: blue, green, red and black. This pencil is made of synthetic material. No matter what budget you are planning, you are sure to find the right pencil with us. Always make an impression with your imprint on the Quintet 5-in-1 pen pencil.
