

Power banks with your logo are the ideal business gift for employees who are constantly on the road. That way, your company will always be visible, even when your staff is out of the office. You use the 10.000 mAh powerbank with dual input more often than you might think, for instance during holidays, while on the road or when spending a day at the beach. This power bank has a capacity of 10000 mAh. This means that a device with a battery of this size can be fully charged once. This powerbank has 2 USB outputs and 2 inputs (Micro USB and Lightning). It also has a charge indicator to show the charge level of the powerbank. The output is 5V/2.4A, the input is 5V/2A. This power bank is made of aluminium, acrylonitril butadiene styrene (ABS). Because it weighs 240 grams, you can count on a strong power bank! The biggest advantage of laser engraving is the high-quality print, it won't fade quickly due to its high wear-resistance. With our many years of experience, our staff know better than anyone which power bank is the perfect match. So let us advise you on the best way to print power banks.
