

With new workplace models, headphones are becoming increasingly important. A particularly popular gift: Light up logo wireless headphones. A headset with many popular features. These in-ears come with microphone/pick up function to answer calls. Connecting to a device is easy via Bluetooth. The contact between the headphones and a connected device only breaks off at a distance of more than 10 m. The battery in the device has a capacity of 400. A fully charged battery provides 4 hours of listening pleasure. This article is engravable and then shows the engraving lit up. The so called Light up logo means that there is a LED under the engraved part that therefore makes the engraving shine when the article is used. So extra attention for your logo. Printable from a quantity of 3 pieces. As you can see, there are many different types of headphones to suit all needs and budgets. Would you like to try the headset for yourself before ordering? Simply order an unprinted sample and see the quality for yourself.
