

Torches are popular promotional gifts and are versatile in their uses and the functions they offer. The Quattro aluminium torch is a real eye-catcher. Very bright LEDs are installed in this torch. This lamp has exactly 9 built-in light emitting diodes. The flashlight requires AAA. Of these, she needs exactly 3. The number of batteries used is included. Laser engraving is the technique we recommend, especially for flashlights and other tools. This is abrasion-resistant and almost indestructible. Regardless of your budget, you are sure to find the right torches with us. Send us your logo and you will receive a digital proof before production starts. We only start production once you have confirmed this.
