Pencils have clear advantages over other writing implements: They write in any position - even upside down- at any temperature and you can literally erase mistakes. All this applies to both mechanical and conventional pencils. The Longlife Pencil sustainable pencil is the perfect pencil for your business This pencil has a graphite point which can write up to 20,000 meters of text. This product writes, and can be erased, exactly as a standard pencil. The tip does not require sharpening and hard wearing, meaning that this pencil last up to 100 times longer than its traditional wooden counterpart. As you can see, there are many different pencils to suit all needs and budgets. Would you like to try the Longlife Pencil sustainable pencil for yourself before ordering? Simply order an unprinted sample and see the quality for yourself.
