Headwear is a beautiful gift. Branded caps are great for any weather. We have many different caps. The Impact 6 panel 280gr Recycled cotton cap with AWARE™ tracer is certainly the right one for you. The baseball cap has 6 segments. The material weight is 280 g/m2. Size 58cm. By the way, this cap was made with an AWARE™ tracer. AWARE™ guarantees that genuine recycled fabric materials have been used and that the water reduction claims are correct. This is done through disruptive physical tracers and blockchain technology. So you're proven to save water and use real recycled fabrics when you choose an Impact item. With this headgear you already save 387 liters of water. 2% of the proceeds from each Impact product sold are also donated to Water.org. Water saving claims are based on numbers compared to traditional fibers. This calculated figure is based on reliable LCA data published by Textile Exchange in their 2016 Material Snapshots.
