Brand: Unbranded

Minimum quantity: 3 Unit(s)

Material: abs

Length: 20.40 cm.

Width: 12.60 cm.

Height: 4.30 cm.

Weight: 290.00 g.

Dishwasher proof No

The Capsule UV smartphone sanitizer with 5W wireless charging pad can charge and clean your smartphone thanks to the built-in UV-C LED lights. There are 2 levels of sanitizing available. Press the button once for a short 90 second sanitation. Press the button twice for a 5-minute-deep clean sanitation. Next to smartphones, the Capsule can sanitize anything that fits inside the box, such as keys, earbuds, and other personal belongings. It has been tested to eliminate up to 99.9% of bacteria such as Escherichia coli, Staphylococcus and Candida albican. The product cannot be powered on when the cover is open, to protect the user from UV light exposure. When the case is opened during the process of sanitizing, the sanitizer will immediately stop to prevent any eye/skin exposure. Packed in a premium gift box. Inner dimensions: 181 x 104 x 26mm.
