For some, the choice of earbuds is an almost life-changing decision. We have different models, there is something for everyone. A particularly popular gift: Prixton TWS160S sport Bluetooth® 5.0 earbuds. An in-ear headphone with many popular features. These earbuds from the well-known consumer brand Prixton are very popular because they are designed for everyday use. Prixton pays special attention to simplicity in combination with the best technology. Printed earbuds from Prixton are great with a logo that everyone will be happy about. These in-ears come with integrated button control in both earbuds: Next, previous song, play, pause, answer and reject calls, volume up, volume down, and voice assistant. A fully charged battery provides 3 hours of listening pleasure. A charging case is provided for the earbuds to charge. The charging case is practical because no cable is needed to charge the headphones. It has a capacity of 1 maH. This can fully charge the headphones in just 1 hours. There are 3 additional ear hangers in different forms. Always make an impression with your logo on these earbuds.
