Pencils have clear advantages over other writing implements: They write in any position - even upside down- at any temperature and you can literally erase mistakes. All this applies to both mechanical and conventional pencils. With the 6 coloured pencils you ensure that your company gets attention every day. The set consists of 6 piece colouring pencils in a paper tube. There is a pencil sharpener integrated to the coloured transparent lid of the tube. This pencil is made of paper. No matter what budget you are planning, you are sure to find the right pencil with us. The 6 coloured pencils is ideal for displaying your logo, contact details or slogan. This is how your company is seen every day - and not just by the user.
