Markers can be used to mark passages in texts, to mark important results in color in a presentation or for children to draw. Give away printed markers so that your company is always present at these events, whether fiber pens or highlighters. If you have the Flowermarker, highlighter printed with your logo, your company will have optimal attention every day. With a printed highlighter you can mark everything that is important in everyday office life. But students or participants in a training course are also happy about a highlighter with a logo. These markers are coming in the colours pink, yellow, green and blue. Set with four mini highlighters in useful plastic box with transparent lid. The highlighters are in a unique Toppoint design. The coloured details of the highlighter show the writing colours. Have you found the perfect marker for your desires? Then we look forward to your order, but remember: the more markers or highlighters you order, the lower the price. Send us your logo and you will receive a digital proof before production starts. We only start production once you have confirmed this. So you are on the safe side when you receive your printed highlighters.
