

With the Hybrid smart wireless charger it's no longer required to place the device at any particular spot on the charger. Because of its smart detection technology the charging coil will adapt to your device automatically and starting charging. Stylish design with a transparent housing and an aluminium frame. With up to 15W wireless charging output, devices are fully powered quickly. Compatible with all Qi devices (iPhone 8 or above and Android devices that support wireless charging). Delivered in a premium kraft paper box with a colourful sticker.
