Torches are popular promotional gifts and are versatile in their uses and the functions they offer. The Plastic light up logo torch is a real eye-catcher. The required batteries are not included with the item. A logo can be heavily used on items such as flashlights that tend to end up in handbags, jacket pockets or trouser pockets. Therefore, we recommend an indestructible laser engraving. Have you found the perfect torch for your desires? Then we look forward to your order, but remember: the more you order, the lower the price. Would you like to try the torches for yourself before ordering? Simply order an unprinted sample and see the quality for yourself.
