If you are looking for a great watch with a logo, then choose the Flat Style Watch - Leather printed with your company name. We make sure the print makes an impression. This is an analog watch. Men's wristwatches are generally larger than women's wristwatches. The dial has a diameter of 40 mm. A Seiko PC 21 S movement was installed in the watch. The watch strap is made of PU/leather and the frame is made of metal. The wristband closes with a pin. This watch has a water resistance of 3 ATM. The international specification ATM corresponds to the UK specification bar. A watch with a water resistance of 3 ATM or 3 bar can withstand a test pressure of 3 bar for a limited time.
