

Keychain made from recycled Italian leather waste and natural binders. This product from the MADE out of brand is made from leftover leather pieces from the company's own production. The recycled leather is very sturdy, has a nice matte appearance and smells like leather. The coloured top layer is made from a very thin 100% water-based PU coating. The key chain has a sturdy, metal ring. Handmade. Dutch design. Made in Holland. On the back of the pendant, a small M in a circle is stamped – this is the brand's logo.
