

Reliable, wireless Bluetooth mouse from the Logitech brand. The plastic parts of this mouse are made from 66% certified recycled plastic, giving plastic from old consumer electronics a second life. The mouse connects within seconds, instantly creating a tidy workspace. With smooth optical tracking and controlled line-by-line scrolling, the cursor moves accurately across almost any surface. Thanks to its compact, symmetrical design, the mouse fits comfortably in the hand and is easy to carry in a bag. With optical tracking (1000 dpi) and precise scrolling, the cursor moves smoothly across virtually any surface. Connection type: Bluetooth Low Energy technology. Pair-and-Play. Wireless range 10 meters. The battery lasts up to 12 months and, thanks to the automatic sleep mode, allows for longer use without interruption. A choice that perfectly combines comfort, mobility and reliability. Includes battery and user manual.
