Material: nylon
Length: 16.00 cm.
Width: 12.00 cm.
Weight: 6.00 g.

Two-layer reusable face mask with space for a filter for extra protection. 90% polyamide, 7% polyester, 3% elastane. Made of soft and stretchable OEKO-TEX® certified polyamide. This provides a comfortable feeling when worn. The face mask can be machine washed at 90 degrees. Made in Europe. Note: Only for personal use. This is not a medical mouth mask or PPE (personal protective equipment). Exclusive filter. Wash before use. This product contains the international Oeko-Tex label for textiles. It certifies that the product does not contain any harmful substances. The label looks at both natural and synthetic fibres.
