When you're on the road, it's good to know that your phone is always sufficiently charged. That's where a printed power bank comes in handy! When you have the Solar Powerbank 8000+ Wireless Charger printed with your logo, it gives your brand extra promotion. Power banks are taken everywhere, giving your company added visibility. This powerbank has a capacity of 8000 mAh. This powerbank can be charged with solar energy or mains power (via USB port). The input and output are 5 V/2 A. The delivery includes a micro-USB charging cable, LED indicators and user manual per item in one package. This power bank is made of bamboo;synthetic material. Would you like to show that your company makes environmentally conscious and responsible decisions? Then this power bank with logo is the right decision. Because it weighs 230 grams, you can count on a strong power bank! Thanks to the laser engraving technique, you can give this power bank a stylish print. The print is extremely durable thanks to the high wear-resistance of engraving. From budget power banks to premium models in different shapes and sizes: we have it all! Need help making your choice? Then get in touch with us!
