Height: 5.50 cm.

Weight: 338.00 g.

Multifunctional UV-C steriliser box with wireless 5W charger. By using UV-C LED-technology, the steriliser eliminates 99.9% of the bacteria from objects placed in to the ABS box in just 5 minutes (auto cycle). This product can be used with mobile phones, jewellery, keys and face masks. With UV-C LED lights installed in the top and bottom, items are cleaned all over without the need to turn the contents of the box. The built-in safety function ensures that the lights go out automatically when the box is opened, preventing any exposure to UV light. On top of the box is a handy 5W wireless charger for charging mobile devices. Helpful indicator lights show the charging status of the mobile phone. Input: DC 5V / 2A. Output: DC 5V / 1A (5W). Includes Type-C USB cable (50 cm) and manual. Each item is individually boxed.
