Lunch box made from high-quality borosilicate glass that can withstand high temperature differences. It has a bamboo lid that closes perfectly thanks to the silicone edge on the bottom. This allows the contents to be kept airtight. Also suitable as a fresh box. Includes elastic closure. A sustainable and environmentally friendly product. Only the glass is dishwasher safe and suitable for use in the microwave, oven and freezer. NOTE: Due to the natural grains and contours of bamboo, we cannot guarantee consistency in depth/colour of the engraving.
