Does your brand stand for enjoying life, staying active and working on your health? Then a printed drinking bottle is a perfect match to get your brand or message out. With a SteelMaxi 750 ml water bottle you can be sure that your message or your company's logo will travel with every recipient and therefore boost the visibility of your brand. This bottle has a screw cap and comes with a key ring and carabiner. The carabiner is not suitable as a climbing tool. Need a non-spill bottle? Then this is exactly the right one. This bottle is made of stainless steel. The extremely solid construction of stainless steel ensures that this bottle doesn't leak or crack easily if it's dropped. And just as important, your logo stays visible for years to come. This bottle can be laser engraved. This means that this not only looks classy but is also very durable. What's more, the 750 ml volume gives you a nice big bottle that isn't empty after a few big sips. Aren't convinced of the bottles quality yet? Request a sample and see for yourself whether it is what you're looking for.
