Height: 2.50 cm.

Weight: 197.00 g.

A torch is an important item. Everyone should have a torch in the car, and those who walk or cycle a lot should carry one with them anyway. The Mini Maglite® AA torch is a real eye-catcher. Light range 96 metres. 14 Lumen. Offers up to 5¼ hours of light from just 2 batteries. Converts to free standing candle mode, in 3 simple steps. Includes spare bulb and batteries. Each piece in a case. The Mag Instruments are all designed and manufactured in the USA. The company strives for quality and efficiency in all items produced, including reducing any wasted time and materials. Thus, the MagLite flashlight is an effective item, from production to use, and your logo adorns a truly high-quality flashlight. The flashlight requires AA. Of these, she needs exactly 2. The number of batteries used is included. Laser engraving is the technique we recommend, especially for flashlights and other tools. This is abrasion-resistant and almost indestructible. Have you found the perfect torch for your desires? Then we look forward to your order, but remember: the more you order, the lower the price. Would you like to try the torches for yourself before ordering? Simply order an unprinted sample and see the quality for yourself.
