Flashlights with a logo are very popular as promotional gifts and are often used. The 3D LED Maglite® Torch USA is a great item that your customers, employees and suppliers will love. The torch includes LED lights. These LEDs are very bright. Made from anodised aircraft aluminium, weatherproof and shock resistant. Light range 412 metres. 168 Lumen. Offers up to 80 hours of light from just 3 batteries. Excludes 3-D Cell batteries. These are available seperately (item no. 0927). Meas. Ø 5.5 x 32 cm. Each piece in a box. The Mag Instruments are all designed and manufactured in the USA. The company strives for quality and efficiency in all items produced, including reducing any wasted time and materials. Thus, the MagLite flashlight is an effective item, from production to use, and your logo adorns a truly high-quality flashlight. Of these, she needs exactly 3. The required number of batteries are included. A logo can be heavily used on items such as flashlights that tend to end up in handbags, jacket pockets or trouser pockets. Therefore, we recommend an indestructible laser engraving. Regardless of your budget, you are sure to find the right torches with us. Always make a good impression with your imprint on torches.
