At IGO we can print backpacks with your logo and company name to ensure that the Jayden RFID Jayden RFID Anti-Theft backpack generates extra publicity for your company. The backpack is equipped with hidden zippers on the back, making it difficult to pickpocket and unwanted access to the contents. The spacious main compartment, which can be opened almost completely, is equipped with foam compartments for a laptop up to 15.4 inches and for a tablet up to 12 inches, a zip pocket and various compartments. The front of the pack features a zipped pocket, reflective accents for safety in the dark, and side mesh pockets for conveniently carrying a water bottle. Both the back and the adjustable shoulder straps are lined with sturdy foam and lined with gauze in a mesh structure. Hidden on the top and in both shoulder straps are RFID-blocking zippered pockets to prevent fraud. With a reinforced base, carrying loop and an additional loop for attaching the backpack to a trolley. Includes USB port with charging cable. The bag is beautifully finished, weatherproof, well lined and comfort is guaranteed. With a backpack made of polyester, you know you're making a responsible choice. The material is eco-friendly, so you're contributing to a better environment. What's more, the material of this backpack is polyester, which means you can count on a quality item. This anti-theft backpack also protects you against pickpockets. The hidden pockets and cut-resistant material protect your belongings. Furthermore, this backpack weighs 680 grams, which means you'll have a good, sturdy bag on your back. Have your logo and message printed on the backpack and
