Features

Brand: Made Out Of
Minimum quantity: 10 Unit(s)
Material: recycled leather
Length: 10.00 cm.
Width: 14.00 cm.
Height: 0.90 cm.

Weight: 64.00 g.

Wow! This passport holder is made from recycled leather. The recycled leather is made from reclaimed material that's gathered as waste during the shoe and bag production process. The leather comes from Italy – land of fashion, and producer of many luxury leather brands. The waste leather is collected, ground up and reconstructed using water and natural binding agents. Instead of being incinerated, the material is given a second life. It feels like rubber to the touch, has a beautiful matte texture, and also smells like leather! The coloured top layer is made from a very thin, water-based PU coating. All produced in the Netherlands.
