Wow! Ice scraper made from recycled Ocean Bound Plastic from Plastic Bank®. Old bottles and other stray plastic products were used for the material. A perfect, sustainable and socially responsible giveaway. • With the purchase of this product you support Plastic Bank®. Plastic Bank® is an international organisation with two main goals. These goals concern us all, reducing poverty and reducing plastic waste in the oceans. Plastic Bank® pays people in developing countries to return plastic waste. This plastic is collected from beaches, rivers, riverbanks, landfills and from the shallow parts of the ocean. This helps prevent plastic waste from polluting the oceans. The collected plastic is sorted, cleaned and processed into granules. New products are then made from these granules and given the Social Plastic® label.
