Height: 23.00 cm.

Weight: 48.00 g.

Comfortable socks from Vodde made using a 100% circular economy manufacturing process. The socks feature a cheerful, knitted Christmas design. The Christmas design is standard and cannot be modified. The base of the socks is made of recycled yarn and comes in a standard colour. You can choose from 4 standard colours of recycled yarn: green, red, blue and black. A logo and/or Christmas message can be knitted into the bottom of the sock in any colour of your choice. These Christmas socks are surprisingly nice as an alternative to a Christmas card, as an addition to a Christmas hamper or as a present under the Christmas tree. • The socks are supplied as standard in pairs with a label, which can be printed in your own full colour design. The socks are made from collected textiles and consist of 52% recycled cotton (from collected pieces of fabric), 44% recycled polyester (from collected PET bottles) and 4% elastane. • Available in sizes M (36-40) and L (41-46). Minimum order: 100 pairs of socks per size. Minimum order in total: 200 pair of socks. • Optional: Supplied in pairs in a (customised) box made from recycled cardboard - possible from 1,200 pairs of socks. • By wearing these sustainable socks you are contributing to a world with less pollution. Developed and tested in the Netherlands. Made in the EU.
